

When you build a house for a family  
in Mexico you will get sore muscles,  
laughter, joy, tears, and the chance  
to change a family forever  
in just a few days.

## Build hope together...

**Join together to make a profound difference in the life of a needy family.** This **February 16-23**, a group from Campbell Church will travel to Baja California, Mexico with Amor Ministries to **build a home for a family in need**. With the singular focus of mobilizing volunteers to build simple homes for poor Mexican families, Amor has made an enormous impact for over 16,000 families.

**The need for housing in Mexico is great.** Many family providers work long hours for just dollars a day to provide what they can for their families. However, with **47% of families below the poverty line, and over 9 million homes needed**, affordable housing is an impossible goal for millions. Most children in Mexico's orphanages were abandoned because their parents were unable to provide for them.

**Founded over 30 years ago**, Amor is an American company that works with local Mexican pastors who nominate families for the program and work closely with them in this process. Many of those who receive a new home are not Christians, and these homes provide a natural bridge to the local church as well as an open door for evangelism. **The pastor and his church meet regularly with the family** to welcome them as a part of their community, present them with the gospel, and introduce them to a relationship with Jesus Christ. **Through the fulfillment of basic physical needs, the love of Christ shines most clearly.**

The building project itself is well-guided and straightforward, and **a home can be built in about four days**. The house is built without power tools so that everyone can be a part of the process. **This is a project that is open to all ages and skill levels!**

Our group will sleep at Amor's **secure campgrounds**, where camp caretakers reside 24 hours a day. Experience camping in tents, taking bucket showers and using outhouses to **understand, in a small way, how the family you build for lives all year long**. Giving up the comforts of home for a week will help our group grow to know more about the life of the family for whom we are building a home.

Please prayerfully consider being a part of this group and becoming an integral part of this wonderful ministry opportunity. **Together, we can help change the life of a family forever.**
